LBS alumnus sets off on penultimate leg of Seven Summits

Atte Miettinen, a graduate of the Executive MBA, has embarked on Everest as part of his quest to climb the highest peak on each continent.

Atte left his home in the United Arab Emirates in the early hours of Saturday 24 March to head to Kathmandu, Nepal, where he planned to rendezvous with the rest of the climbers and guides in his team. He'll be leaving Kathmandu on Wednesday 28 March to go to Lukla (the world's most dangerous airport for its length of runway, altitude, location!) to begin his six to eight week expedition to scale the highest mountain in the world - Everest.

You can follow Atte's journey through his [website](#), [Twitter](#) or [Facebook](#), and look out for more information on Portal.
